## Innovative partnership to improve substitute teaching

Ogden School District enters into agreement with Kelly® to provide substitute teacher management

**Ogden, Utah – (October 2013) – Ogden School District announced the selection of Kelly Educational Staffing® as the comprehensive provider of substitute teacher management. Beginning January 6, 2014, Kelly will handle all aspects of the substitute teaching program within the district including hiring, training, and scheduling.**

The partnership with Kelly Educational Staffing will strengthen the substitute teaching program by reducing time spent managing temporary staff, allowing administrators in the schools to focus on the core mission of educating students. The program will also allow for increased perks for current substitute teachers including the opportunity for year-round employment, a 401(k) program, service bonuses, and optional health insurance.\*

District spokesman Zac Williams said: "By partnering with Kelly we are strengthening our substitute teaching program in support of district students. We're always looking for innovative ways to provide more benefits for employees, while adding value to the promise we make to parents and students to deliver the highest quality instruction. We're excited to have new incentives available to retain proficient substitute teachers."

The new program will ensure only the most qualified substitute employees are placed within Ogden School District classrooms. More than 90 percent of Kelly Educational Staffing substitute teachers have an advanced degree and all undergo a rigorous screening and a paid training process to be eligible for employment. Specific training is provided in support of district and school procedures. Kelly partners with more than 3,000 schools across 35 states and is the largest employer of substitute teachers in the nation.

All active substitute teachers in the district have the opportunity to transition directly to Kelly to begin filling assignments in January. Individuals interested in applying to be a substitute teacher for Ogden School District are invited to visit [kesutah.appone.com](http://kesutah.appone.com) or send an email inquiry to [5936@kellyservices.com](mailto:5936@kellyservices.com) right away.
